Meet the Makers: Dive Deep with Miguel & Evelyn

Hey! We're Miguel and Evelyn, the dynamic duo both in love and behind the scenes of this kick-ass word search book. Here's the deal: we've taken my tech obsession and knack for innovation and blended it with Evelyn's design wizardry to craft something way beyond your average puzzle book—it's a peek into our lives.

This project is like our baby, each page a little story about us, our journey, and the love that goes into creating something genuinely unique. By sprinkling in funky elements like QR codes, we're not just looking to give you a good time; we're cracking open the door to our world, sharing bits and pieces of ourselves in the most interactive way.

Consider this book your all-access pass to the brains and hearts behind it. We're super excited to share this piece of us with you and hope it brings as much joy to your day as we had making it. So, dive in and get to know us a bit better. Welcome to our world of word exploration!
